Phone features

Consultative transfer

- Consultative transfer allows you to announce the caller prior to completing the transfer process:
1. While on a call, press the **Transfer** soft key or **Transfer** button (upper right of the key pad).
 2. Using your keypad, enter the **extension + #** or the **10-digit number + #**.
 3. When the party answers, announce the call.
 4. Press the **Transfer** soft key (or button) or hang up to complete the transfer.
 5. If they don't answer or you roll to voicemail, press the **End Call** soft key to release the transfer process, then press the **Resume** soft key to return to the caller.

Note: When transferring in this manner, the caller ID appearing to the recipient of the transfer, is the caller ID of the transferring device, not caller ID of the caller.

Transferring a call to voicemail

- To transfer callers directly to voicemail:
1. While on a call, press the **Transfer** soft key or **Transfer** button (upper-right of the keypad).
 2. Using the keypad, enter ***55**.
 3. When prompted, enter the **extension + #** of the mailbox you want to transfer to.
 4. The call transfers directly to that phone's voicemail.

Note: When transferring in this manner, the caller ID that registers in the recipient's voicemail is the caller ID of the incoming caller.

Blind transfer

- Blind transfer does not allow you to announce the caller:
1. While on a call, press the **Page** soft key.
 2. Press the **BlindXfer** soft key.
 3. Using your keypad, enter the **extension + #** or **10-digit number + #**.
 4. The blind transfer is complete.
 5. To cancel the blind transfer, press the **Cancel** soft key before the # is entered on the keypad; press the **Resume** soft key to return to the caller.

Note: When transferring in this manner, the caller ID that appears to the recipient of the transfer is the caller ID of the calling party.

Making a conference call

- Conference up to 15 callers, including yourself:
1. While on a call, press the **Conf** soft key or **Conf** button (upper-right of the keypad). The person you're talking to is placed on hold and you receive dial tone.
 2. Dial the number of the person you want to conference into your call.
 3. After announcing the conference, press the **Conf** soft key or button again, to complete the conference.
 4. If they do not answer or do not wish to join the call, press the **End Call** soft key, then press the **Resume** soft key to release that party and return to your original caller(s).
